

## EACS e-meeting notes 5/11/14

- Present: **(please add yourself and return as I only glimpsed everyone!!)** Ann Hemingway, Liz Norton, Clara Aarts, Lise-Lotte Ozolins, Ulrica Horberg, Ingegerd Fabergerg, Stefanos Mantzoukas, Jackie Hutchison, Kevin Gillen
- Apologies: Charlotte Delmar, Kate Galvin, Shirley Bach (who is stepping down from EACS), Elizabeth Rosser, Margaretha Ekebergh, Annelise Norlyk, Prannee Lundberg and Birgitta Edlund
- Matters arising from notes of our last meeting in June 2014
- Our proposed shared conference with the Nordic College of Caring Science 19<sup>th</sup> and 20<sup>th</sup> March 2015 Copenhagen.

Comments from Charlotte Delmar - Together with Bente Martinsen, Annelise Norlyk, Sanne Angel I and Charlotte Delmar will review the abstracts for the Conference in March and will also offer practical help during the Conference. A budget and fees are in the care of NCCS as they have a professional person taking care of this. EACS are a non profit organization and NCCS is a profit organization.

**ACTION: Agreed to extend deadline to 1/12/14 for abstracts and registration to be extended until the 15/1/15. Need to widen call for papers to research, philosophical and ideas/proposal papers.**

- Further planning for a horizon 2020 bid

Comments from Charlotte Delmar Horizon 2020: Do we have/need an abstract for the working proposal title. My colleagues at Aalborg University are interested but an initial proposal could qualify the discussion (Kate, Ann, Margaretha).

**ACTION: To circulate title ideas again for comment (here they are):**

**`What kind of leaders do we need to develop to provide the best partnership based care for people and their loved ones`.**

**`Leading and evaluating patient led care partnerships`.**

**In addition we need to look at the marie curie guidance documentation:**

**<http://ec.europa.eu/research/mariecurieactions/> please have a look at the different types of marie curie funding at the bottom of this web page.**

**AH to add EACS to EU register of potential partners for other consortia wanting further expertise in our area.**

- New member proposals.

Aalborg University was suggested as a new member organisation which was supported by everyone present.

**ACTION: Very happy to move forward with this.**

- Planning our next meeting.

**ACTION: Our next meeting will be at 2pm in Copenhagen on Wednesday the 18<sup>th</sup> of March 2105 (venue to be confirmed if you can help us to find a room that would be great!!), and will culminate with an evening meal together. This is the day before the conference with NCCS begins on the 19<sup>th</sup> of March.**

- Any other business.

**Sending Kate our love and fond thoughts.**

Many thanks everyone don't forget to put your abstract in for the conference in Copenhagen look forward to catching up, take care, Ann X
